BONE FOOD

Soft and crooked bones mean bad feeding. Call the disease rickets if you want to. The growing child must eat the right food for growth. Bones must have bone food, blood must have blood food and so on through the list.

Scott's Emulsion is the right treatment for soft bones in children. Little doses every day give the stiffness and shape that healthy bones should have.

Bow legs become straighter, loose joints grow stronger and firmness comes to the soft heads.

Wrong food caused the trouble. Right food will cure it. In thousands of cases Scott's Emulsion has proven to be the right food for soft bones in childhood.

BUNTINGS WON THE CHAMPIONSHIP.

The finish of the Everett-Mohair game here Saturday left the former in the rear by 82 to 127.

At its conclusion the final game for the championship between Mohair and Bunting was commenced, with Bunting at bat. Mosley, by some fine work, helped materially to dismiss Bunting for the small score of 67, West playing all through.

On Mohair going to bat, Umpire Bruce immediately "no-balled" Burns. This caused a rumpus, and on the Bunting captain refusing to go on with the game unless the umpire changed Gordon and Bruce, the two umpires gave the game to Mohair by default. The league must now ratify this or order the game to be replayed. Everett and Mohair score.

NEW WAYS AT WEDDINGS.

(From London Opinion.)
By marrying in May and introducing green into her bridal gown Miss Ida Drummond set the season's fashion for novelties at weddings. The idea caught on.

Miss Agnes Blyth followed, substituting trails of flowers which fell from the markers of her ivory prayer-book for the conventional bridal bouquet.

Lord Acton's bride not only made her bridesmaids precede her, but provided them with seats during the ceremony.

Lord Galway drove his daughter to church in his family coach-and-four, while Lady Palmer introduced the most novel mode of holding her daughter's hand during the wedding ceremony.

If the craze for novelties in weddings continues we may yet see the regulation white gown laid aside and bridled to the altar in all the colors of the rainbow.

Bridegrooms' gifts have also struck a note of novelty this year. Mr. Bertram Brooke, presented enamelled necklaces made by his mother, the Ramee of Sarawak to the children who attended his bride.

Sir Henry Bedingfield gave brooches in the form of a falcon and fether-lock—the badges of his family ever since the Wars of the Roses.

Lieut. Charles Mason, of H. M. S. Jupiter, who married Lord and Lady Robertson's daughter, gave his bride's maid brooches in the form of an eagle—the badge of his ship.

But perhaps the most novel of all bridegrooms' gifts were the "sprays" of jewels set in the form of violets given years ago by the Earl of Mar and Kellie, when he married Lady Violet Ashley.—New York World.

If troubled with a weak digestion try Chamberlain's Stomach and Liver Tablets. They will do you good. For sale by all druggists, Lawrence, W. A. Allen, Andover, C. H. Shattuck, Ballardvale.

FOOTBALL

TIGERS 5; REVERES 0.

The fifth game of football which has been played between the Tigers and the Reveres of Lawrence resulted in a victory for the former team after all the former games had been finished and neither side scored.

The game was played on the Playground and was one of the best fought and interesting contests seen here this year. The Lawrence boys came over confident of victory and with the intentions of "putting it all over" the Tigers, but were completely outclassed in the fine points of the game, and within two minutes of the calling of time the Tigers pushed it over for the only touchdown. Seacole failed to kick the goal.

In the first half most of the playing was done in the Reveres' territory, and within two minutes of the calling of time the Tigers pushed it over for the only touchdown. Seacole failed to kick the goal.

In the second half both teams gained about the same amount of ground.

James Anderson who was injured in the Red Stocking game Saturday is recovering and will be in the game Saturday.

P. A. TRACK MEET.

No records were broken or equalled at the fall handicap track meet held at Phillips academy yesterday afternoon. The weather conditions were good for fast time but none of the fast men were pushed and therefore did not have to show their speed in order to win. Several members of the track team are on the football squad and they did not participate in the meet.

The class relay race was the best event and brought to notice O'Mahoney of Lawrence, a new runner. The race was practically won by the '05 team but in the last lap O'Mahoney overcame the lead and won the race. Perry, the last relay man for '05 started off with 15 yards to the good. O'Mahoney gained slowly and when half around the track was on even terms with Perry, except that the latter had the lead. O'Mahoney was unable to pass his opponent then he hung on and at the finish he won by half a yard. The '06 team won third place.

In the 100 yard dash Fouts and Capen were unable to overcome the handicaps against them and they did not secure places in the preliminary heats. Taylor, with four yards, won this event.

J. F. O'Donnell was an easy victor in both the half mile and the mile, despite heavy handicaps against him, and the fact that the two races were run close together.

A. E. Perry won the pole vault by clearing 9 ft. 3 in. with ease. He tried afterwards to clear 10 ft. 2 in. but was unable to. His record is 10 ft. 6 in.

The summary:
100 yards dash—Won by E. B. Taylor, 4 yards; 1. M. Mason, 4 yards; second, Z. E. Barber, 8 yards third, Time 15.5 sec.

220 yard dash—Won by F. G. Riker, 6 yards; J. Waitt, 25 yards, second, H. T. Capen, scratch, third, Time 34.45 sec.

440 yard run—Won by R. Chapin, 15 yards; John O'Donnell, 20 yards, second, G. W. Hollowell, 22 yards, third, Time 55.45 sec.

880 yard run—Won by J. F. O'Donnell, scratch; H. Neal, 20 yards, second, H. C. Robertson, 15 yards, third, Time 2 min. 12.45 sec.

1 mile run—Won by J. F. O'Donnell, scratch; F. J. Reagan, 60 yards, second, H. Kirkpatrick, 20 yards, third, Time 5 min. 1.5 sec.

120 yard hurdles—Won by C. H. Carstairs, scratch; E. P. Cavanaugh, scratch, second; F. P. Cavanaugh, scratch, third, Time 1.15 sec.

Broad jump—Won by M. A. Seabury 3 inches, distance 20 ft. 1.1-1.2 ft. 3 in. Smith, scratch; second, distance 15 ft. 9 in. J. R. Johnson, scratch, third, distance 13 ft. 8 in.

High jump—E. L. Fouts, 1 inch, and J. R. Edwards, 15 inches, tied for first place height 5 ft. 5 in.; R. McDonald, 5 inches, third height 5 ft. 3 in. Pole vault—Won by A. E. Perry, scratch, height 9 ft. 8 in.; J. S. Kendrick, 6 inches, second, height 9 ft. 2 in.; W. J. Jones, 1 foot, third, height 8 ft. 6 in.

Shot put—Won by C. C. Clough, scratch, distance 33 ft. 2 in.; F. F. Cavanaugh, scratch, second, distance 2 ft. 6 in.; G. D. French, scratch, third, distance 28 ft. 4 in.

Hammer throw—Won by J. R. Hyde, scratch, distance 117 ft. 6 in.; L. Barnard, scratch, second, distance 80 ft. 5 in.; G. D. French, scratch, third, distance 76 ft.

Class relay race—Won by 1907 (O'Mahoney, Waite, Neil, Kendrick) 1905; second (Perry, Barnard, Walker, Kitchell); 1906, third (Robertson, Masor, Rilly, Cross). Time 3 min. 52.2-5 sec.

Until the packing season of 1903, Tomato Catsup packers universally considered it imperative to make Catsup of the natural ripe tomato color or without the use of artificial color. So general had this impression become, that most Food Chemists throughout the country felt justified in taking for granted that Catsup of a bright red color was artificially colored, and in many instances they condemned such Catsup without a chemical test. This method worked no injustice on any packer until the fall of 1903, when the Commissioners of the three Northwest States declared that Catsup packed by Columbia Conserve Company of Indianapolis, Ind., and which was claimed by them to be absolutely natural in color, was colored with aniline dye. These statements of the Food Commissioners were refuted by Columbia Conserve Company, and steps were taken to support their contentions in the Courts. The Commissioners, appreciating that Columbia Conserve Company was serious in their attitude, made careful tests of Columbia Conserve Company's Catsup. One State chemist made the statement that he knew from the appearance of the Catsup that it was artificially colored, but his test did not show the kind of coloring matter used. He expected Columbia Conserve Company had discovered a new kind of coloring matter, which thus far he had failed to analyze. More careful tests were made by the chemists of the two neighboring States, and the Commissioner of South Dakota wrote the following honorable and straightforward letter:

Gentlemen: The undersigned spent the day in Brookings and from there wired you that you might fill your Catsup orders in this State. Our chemist has found that the claims made by you are true, and we hasten to correct our former report, have also explained the matter to Mr. Skinner; this is as far as the report has gone from this office.

Now as to the real situation. We wish to be entirely frank with you, and we desire to be with every one, and only wish that all would be as frank with us as you have been. In analyzing your Catsup, Prof. Shepard followed the authorized methods laid down by the official chemists, and by the approved process found coloring matter. He went as far as he was expected under the rules laid down and had no reason to look into the matter further. The protest of your firm led him to make further investigation. The first peculiar thing he found was that the color produced in the wool was fading, which it should not do if it contained tar dye, as he had every reason to believe it was. He then made tests for other colors and finally, as a last resort, sent out and got some ripe tomatoes. By using the same methods that he had with the Catsup, to his great surprise he found the same color was produced, though not as intense owing, doubtless, to its not being so concentrated a form as in the Catsup. This was contrary to the books and is a new thing to him. This determination was completed at noon today, so there has been no delay in notifying you.

The only regret I have in the matter is that you have been put to inconvenience in filling your orders. Aside from that I am very much gratified with the result of this investigation. I have all along taken the position that a salable Catsup could be made without coloring matter, and my order abolishing color in this class of goods was based on this belief. I am now more than ever convinced that I was right. These packers have demonstrated their ability to make a salable article, one presenting as good an appearance as was ever put upon the market. Their statement that in order to make this class of goods they are obliged to select their fruit using only ripe tomatoes, is just what we have been aiming at. By the use of artificial coloring packers have been enabled to use inferior stock.

Now as to the damage to you in connection with this "hold-up," we trust that it has not been a very great loss to you, and that our report of the purity of your goods will more than offset your loss. If it does not you had better send us a bill. We presume no one is beyond the point where an error of 15 cents in the results of a manufacturer's report we have always made a practice to withhold publication of analyses until we had corresponded with those interested and given them a chance to present their side of the case. We do not see how we can go further than this nor be more fair to the manufacturer. Although we have in a few cases passed goods because of slight discrepancies, this is the first time we have found it necessary to make a correction. We trust this explanation will be satisfactory to you.

Yours,
C. P. SHERWOOD,
Commissioner.

Columbia Conserve Company's Catsup is guaranteed to be pure and entirely free from artificial color of any description whether animal, vegetable or mineral. Columbia Conserve Company has accomplished more remarkable results in preserving the bright red and the full Tomato flavor by a process known to themselves alone. By a very extensive advertising campaign, they are instructing the public that Catsup of a bright red color can be purchased which is perfectly pure. It is no longer necessary for any one to buy Catsup colored or painted with aniline or mineral dye.

COMMERCE and INDUSTRY

Commercial.

The Whitney Horse Sale.

The dispersal sale of the thoroughbred horse establishment of the late W. C. Whitney took place at Madison Square Garden last week in the presence of several thousand spectators and bidders. The total realized from the sale was \$401,050. The famous stallion Hamburg was secured by H. P. Whitney for \$70,000. Some of the other favorites were secured by Mr. Whitney's son, Matthew Corbett got the stallion Meddler for \$51,000. The Futurity winner Yankee brought \$21,500. The brood mare Morningside went to Mr. Whitney for \$15,000.

Commerce of a Year.
The bureau of statistics in a report just issued estimates the exports of all nations at \$18,515,000,000 and the imports at \$11,809,000,000. This means that the actual value of articles entering into international commerce is about \$11,000,000,000. The internal commerce of the United States for the same period is estimated at \$22,000,000,000.

The Private Car Business.
A public inquiry into the relations of private car companies and railroad companies was begun by the Interstate Commerce Commission, Oct. 10, at Chicago. This investigation resulted from the general belief that the private car corporations had come to virtually monopolize the transportation facilities of the country even to the extent of making rates for shippers. The car companies are said to insist on exclusive contracts from shippers and to demand mileage from the railroads. J. W. Midgley, representing big railroad interests, testified that the system of private cars had the railroad companies firmly in its grasp. Counsel for Street's western car line set up the contention that this concern was not a common carrier and on that account need not divulge its business methods, thus seeking to shut off inquiry. A Cincinnati fruit dealer testified that the Armour's compelled the use of their refrigerator cars by underselling dealers and charged seven times as much as other companies for transportation.

A sensational feature of the inquiry occurred when Vice President Felten of the United Tank line, a constituent of the Standard Oil company, denied that the oil trust received rebates through the Union Tank line, which he said was losing money. The rate for tank cars, he said, was three-quarters of a cent per mile per car, loaded or unloaded.

Starvation in England.

The Manchester (England) city council has announced that owing to the depression in the cotton industries over 40,000 people in the poorer parts of that city are practically on the verge of starvation, and that similar conditions prevail at London and other large cities of the United Kingdom.

Pullman Shops Resume.

With a force of 2,000 men at wages 10 to 20 per cent below what they were before the shutdown, the Pullman car shops have resumed operation. Men prominent in union agitation were not re-employed.

From Miner to Manager.

Walter Fitch has accepted the general management of the Lake Superior mines and smelters owned by the United States Mining company, a \$21,000,000 concern. He has risen to this position from the ranks of the miners.

Enormous Corn Crop.

The government crop report indicates the largest corn crop but one on record. From the 83.9 condition reported Oct. 1 it is estimated that the total corn crop of the country will be nearly 2,500,000,000 bushels.

Jap and Russian Shake.

A striking feature of the closing session of the international peace congress at Boston was the appearance of a Japanese editor and a physician of Russian birth on the platform. They clasped hands warmly amid great applause, each greeting the other as fellow man.

After the heated discussion of Belgian rule in the Congo a mild resolution was adopted asking for an international inquiry, but making no reference to Belgium as responsible for the Free State administration.

The congress adjourned Oct. 8 after adopting the formal resolutions appealing to the peoples of the world to supervise the foreign policy of their government in the interest of peace. The next meeting will be at Lucerne, Switzerland.

Move For Public Ownership.

The serving notice on certain street car lines in Chicago to stop the running of cars by Mayor Harrison is thought to have paved the way for a municipal street railway in that city. The company had tried to prevent a settlement of franchise disputes.

Open Air Prize Baby.

Virgilio Tolette Krell, son of John Krell, a mural decorator of New York, has won the first prize at the world's all nations' baby show. This baby is considered the most perfect physically and proportionately and is two years and eight months old.

Although the child's mother is a confirmed invalid, it has made this remarkable development largely on a let alone course of treatment, spending every waking hour at play in the open air and getting two baths a day, with suitable exercises. His diet is mainly fruit, cereals, eggs and milk, and he has never tasted any kind of meat, candy, cakes or pastry of any sort. He has never been scolded or spanked. On this point his father says: "When he gets old enough to understand the purpose of scolding or spanking he will be old enough to understand an explanation, and neither scolding nor spanking will be necessary. 'Remember he is a child and never lose patience' is my one rule in rearing this boy."

Strikers Sent to Jail.

Eight of the nine union teamsters who were convicted last spring at New Haven, Conn., on the charge of conspiracy in causing a teamsters' strike were sentenced to three months each in the county jail Oct. 11. By consent of the state attorney they had been allowed to work throughout the summer so as to provide for their families.

To Boycott Republicans.

The council of the allied building trades of Pennsylvania has recommended a boycott against the Republican organization of the state at the coming election owing to the fact that nonunion labor has been employed on the new capitol building at Harrisburg. Thousands of circulars have been sent out assailing the Republican leaders and charging that the Republican party is an enemy to union labor.

RELIGIOUS

Educator Criticizes Churches.

In speaking to the students and faculty on the relation of the university to religious education last week President Harper of the University of Chicago branded the theological seminaries of the country as failures and the churches as being too much occupied with denominational questions. He said the seminaries had not solved a single religious problem in fifty years. Dr. Harper then announced plans and curriculum for an ideal religious university. In addition to providing courses in theology the university would be a laboratory in which practical work along the line of university settlements should be conducted by the students under guidance.

Congregationalists in Council.

The triennial council of the Congregational church, which opened at Des Moines Oct. 13, with 600 delegates in attendance, chose the Rev. Washington Gladden as moderator for the next three years. The report of the secretary showed an existence of 5,000 churches and a membership of 68,400.

Won't Change Divorce Law.

After a heated discussion the house of delegates of the Episcopal general convention at Boston voted, 61 to 55, against the canon amendment forbidding the marriage of divorced persons by the clergy of the church.

Economy at the Vatican.

In pursuance of his simplifying policy Pope Pius X. has abandoned his escort of honor and ordered the sale of the guard horses and of the collection of birds. Some parts of the gardens now devoted to flowers will be turned into meadows.

Markham Defines Religion.

Edwin Markham in an address to Methodist ministers described religion as "a biological effect, evidence of the human character rising above the brute." The so called miracles of Christ he regards as evidence of a higher but natural law. He said, "was another word for selfishness, and its punishment was a result within the sinner. Mr. Markham believes in heaven as a place or condition in which the unselfish souls draw together, and in hell as a place where the selfish congregate. When asked where heaven was he got back at his questioner by asking him to tell where the earth is."

American to Head Order.

The provincials of the Order of St. Francis at Rome have elected the Very Rev. Dominick Reutter of Trenton, N. J., to be general of the order. He is the first American to become general of any religious order. Father Reutter was formerly rector of St. Francis college where he was graduated, and in recent years had held prominent offices in the Franciscan order.

Miscellaneous

Accidents.

Five sailors from the United States navy yard at Pensacola, Fla., were drowned in Pensacola bay Oct. 8 by the capsizing of a sailboat.

In a head-on collision between a world's fair special and a freight train on the Missouri Pacific railroad near Warrensburg, Mo., Oct. 10, twenty-seven persons were killed and as many more injured. The accident was caused by the disregard of a signal.

Three were drowned by the capsizing of a yacht on Lake Michigan, Oct. 11.

During a heavy gale off Prince Edward Island, Oct. 12, the steamer Call was wrecked with all on board, fourteen passengers and five crew.

A fire which destroyed two important business blocks in the city of Winnipeg, Man., Oct. 12, is estimated to have caused \$700,000 damage. No lives were lost.

Especially interest has been attached to the breakdown of a freight train on the Great Northern, Oct. 12, near Tower, N. D., because a shipment of submarine boats in sections to Japan was disclosed. It was suspected that Russians employed on the line had caused the wreck.

The schooner Wentworth was wrecked at Chatham, Mass., Oct. 14, and all on board (twelve) were lost.

Deaths.

Ex-United States Senator Matt W. Ransom of North Carolina died at his home near Raleigh Oct. 8.

John Hollingshead, the British magazine editor who was associated with Dickens and Thackeray and was a successful theatrical manager, died at London Oct. 10.

Gustavus W. Pach, founder of the famous photographic firm of Pach Bros., died at New York Oct. 9.

Itching Skin

Distress by day and night—

That's the complaint of those who are so unfortunate as to be afflicted with Eczema or Salt Rheum—and outward applications do not cure. They can't.

The source of the trouble is in the blood—make that pure and this scaling, burning, itching skin disease will disappear.

"I was taken with an itching on my arms which proved very disagreeable. I concluded it was salt rheum and bought a bottle of Hood's Sarsaparilla. In two days after I began taking it I felt better and it was not long before I was cured. Have never had any skin disease since." Mrs. I. E. WARD, Cove Point, Md.

MRS. ROWE'S FUNERAL.

The funeral of Mrs. Almada Caroline Rowe was held Tuesday afternoon at 2 o'clock from the home of her daughter, Mrs. Lewis E. Barnes on River street, and were conducted by Rev. F. W. Blakeslee, pastor of the Baptist church. Many friends were in attendance. Burial took place in Walnut Grove cemetery. The pall bearers were George W. Barnes, Charles Foss, Patrick Curran and Horace Rounds.

PAID HEAVY FINES.

Game Warden Edward F. Joyce arrested Joseph Mike and William Kowash, both of Elm street, Lawrence, Sunday, near the Pelham road.

Monday morning they were arraigned before Judge Rogers on the two charges of shooting song birds and hunting on the Lord's day. Mike was also charged with carrying a concealed and dangerous weapon, namely a black jack. Game Warden Joyce conducted the prosecution.

The defendants were each fined \$16. They paid. The case of Joseph Mike for carrying a concealed weapon was continued until Saturday, he being allowed his liberty on furnishing \$100 bonds. The men had killed several song birds and had them with them when arrested.

The game warden will conduct a vigorous crusade against all gunners who ruthlessly shoot song birds. Officer Joyce stated Monday that he would prosecute to the full extent of the law all who shoot the winged creatures who fill the fields and woods with music, and further that he will make a special attempt to catch the destroyers.

William Stanton was also arraigned before Judge Rogers in the Methuen court Monday morning. The charge against him was drunkenness. He was fined \$1.

METHUEN HIGH WON.

Saturday afternoon the Methuen high school football team defeated the Pinkerton academy team of Derry, N. H., by the score of 5 to 0.

The team, with a goodly number of rooters took the 1.25 p. m. train for the New Hampshire town.

The game began at 3.15. Douglas kicking off to Pinkerton. Knight secured the ball and rushed 5 yards when he was downed by George. Pinkerton soon lost the ball near their own goal when Moor rushed the ball over for a touchdown. Douglas failed to kick a goal. The first half ended with the ball on the 19 yard line near Pinkerton's goal and in Methuen's possession.

The second half ended with the ball on the 19 yard line near Pinkerton's goal and in Methuen's possession. The locals completely outclassed the "cads

Political Pointers.

Andover is having just as quiet a time over politics as other cities and towns are. And the reason is probably the same as it is in other places. It may be taken complete satisfaction or deep seated dissatisfaction, but which it is not likely to be proven until the votes are counted.

The particular contests which interest Andover, aside from the vote for President, are the congressional and senatorial. In the former it is a contest between the present member, Col. Butler Ames of Lowell, and Hon. A. B. Bruce of Lawrence. Mr. Bruce is an Andover boy and has some associations in town which give him a wide acquaintance. Through personal friends and business associations he will undoubtedly secure as generous treatment in Andover as any democrat could, but there is little to indicate now that there will be anything to interfere with the usual majority for the Republican candidate.

The senatorial contest is not unlike the congressional in many respects. Mr. Flynn has the advantage over Mr. Castle in the matter of acquaintance, as his different campaigns in the town have brought him before the public several times. He is a most fortunate vote getter, but he is opposed this time by a strong man with an excellent record as a representative from Methuen. Both seem likely to get their party strength in Andover, and the fight in the district at large promises to be a very close one. For representative, Mr. Cole is practically unopposed, as the democrats have named no candidate.

The rally and parade to be held at an early date by the local republicans are likely to awaken some of the present apathy, and before election day we may find as much excitement as ever. Meanwhile, let those who haven't registered to vote remember that the last days are next Monday at Ballardvale and next week Saturday at the Town house.

Editorial Cinders.

That is a mighty nice thing that Gas Commissioner George has done in his transfer to Christ church of the Blodgett property. There was no legal obligation upon Mr. George to relinquish his ownership, but knowing Mrs. Blodgett's wish that the church should have the property, he has most generously made the gift. It is a very valuable addition to the church property, as it gives them the entire frontage on Central street between Brook and School streets. Not only the church, but the town is under obligation to Mr. George for making such a splendid improvement to this beautiful church.

The Townsman's seventeenth birthday went by last Friday without the little reference which we had meant to make of it. There was nothing of much moment to say about it, save to refer to the birthday as making another year of close association and interesting effort with the people of Andover. Seventeen years isn't a very long time, but it has been long enough in this case for the Townsman to make its place secure in Andover life, for which it may very well be in order to express the appreciation of both owners and editor.

We don't know what more we can say about the minstrel show and its claim upon the public interest and patronage. It is for the benefit of the Playstead, and is under the direct care of Park Commissioner Pratt, who has labored most diligently to make it a success. There ought to be two crowded houses to repay the labor and interest of all the volunteers, and to swell the coffers of the "Playstead" as they deserve.

Congressman Lawrence, who speaks at the Republican rally next Thursday evening, is one of the most prominent "coming" republicans in the state. He is sometimes referred to as a protégé of Senator Crane, who is a strong friend of his. Andover citizens will be glad to hear one who is a very prominent probability as a future governor of Massachusetts.

These are the days to get into the country and upon the high hills. It's the only way to get the full enjoyment of the real fall weather, and Andover is full of the opportunities. There are only a few days left before the leaves will be gone, but the few days are sufficient for many a bracer of good-old nature at her best, before the hard winter sets in.

October is certainly the month of weddings in Andover, and this week is most emphatically the banner week. May they all be as happy as the scores of would-be brides that are left they would be if

REPUBLICAN RALLY

Cong. Lawrence To Address Voters Next Thursday Evening.

The first rally of the year is to be held in the Town hall next Thursday evening, Oct. 27, at 8 o'clock. The principal address of the evening is to be by Hon. Geo. P. Lawrence of the first Mass. congressional district, and the Andover Brass band will furnish music.

Cong. Lawrence is a good speaker and one of the brightest young men in Massachusetts politics, and he will undoubtedly prove a favorite with Andover voters. The gallery will be reserved for ladies and the Rough Riders will probably turn out for a short parade.

Andover Girls' Club Benefit.

A common remark at the close of Pitt Parker's Crayon recital is, "It was delightful and quite different from anything that we have had." Other testimonials are, "If I were the president of a great university, I would give you the title D. M., Doctor of Meritment, or I might even make you an M. D., on the scriptural basis of, 'A merry heart doeth good like a medicine.'"

A principal of a Boston school writes, "You have kindled an ambition in the hearts of our pupils that may create formidable rivals to dispute with you the supremacy of your chosen field. At any rate since your visit the consumption of chalk has increased to an alarming degree."

The art work is well balanced by a proper blending of the beautiful with the comic. The landscapes made by Mr. Parker in a few minutes (four minutes is the limit of each) are distinguished from the rough stage drawings so familiar to the public, by the motif, technique even tints and smooth effects. Black and white, monochrome and colored effects are produced equally well.

The Magic Circle furnishes no end of surprises and is one of the original conceptions which creates great amusement. A number of meaningless, unsuggestive circles are suddenly individualized until in their places are different types of people.

The artist's quaint exposition of the principles of evolution is side splitting, yet rich in art suggestions, as an object rapidly sketched is as rapidly transformed into an individual possessing in some manner the characteristics of the object first sketched. (About this time the dyspeptic forgets to take his charcoal tablet.)

As a climax to the evolutionary studies comes the "Foot Notes" a sketch of standing and understanding. The array of foot wear is enough to enthrall a retail shoe dealer and when the study is complete it has just begun for the phrenologist.

All this and much more at the November Club house, Nov. 3, for the meagre sum of thirty-five cents.

Enough tickets have been printed to fill the November Club house and these are in the hands of members of the club. If any are unsold on the date of the entertainment, they will be on sale at the door.

On application to Miss J. R. Hinchcliffe, 3 Porter street, members will be sent to houses with tickets.

The entertainment begins at 7:45 o'clock. The doors will be open at 7:15 and those who come early will be given the choice of seats.

Two Accidents.

The young son of Mr. and Mrs. John Cornille received a few bruises about the face and head on Tuesday noon while coming from the John Dove school to his home, by being struck with the rear wheel of a wagon owned by William H. Welch & Co., and driven by Claude Miner. The children were just leaving the grounds and as usual made quite a noise. The injured lad evidently did not hear the approach of the team and before the driver could warn him he was knocked down. Mr. Miner picked him up and took him to a physician where his wounds were dressed. He was able to walk home evidently not much the worse for the accident.

An Italian named De Brasso was thrown from a wagon Tuesday night about eight o'clock while driving down North Main street below the railroad bridge. The harness broke allowing the wagon to run on to the horse's heels, causing him to kick. De Brasso fell out landing on his left hip. He was taken into a nearby house by the aid of passers-by and Dr. Torrey summoned. A nurse was called in who worked over the man for some time prior to the doctor's arrival and it is thought that his hip had been dislocated and was set by her. He was taken to his home in Lawrence.

Real Estate for Christ Church.

Christ church has come into possession of the property of the late Mrs. M. W. Blodgett on the corner of Central and Brook streets.

The property was willed by Mrs. Blodgett to her nephew, Hon. S. W. George of Haverhill, but the will contained the request that Mr. George should give it to Christ church unless he needed it. The entire estate has been in litigation for several years but is now settled, and Mr. George has complied with Mrs. Blodgett's wish.

The property adjoins the Christ church rectory and consists of a colonial house and a large lot of land. It will be put into good repair and rented for the present.

Public School Notes.

An institute held under the auspices of the State Board of Education, was to have been held in Andover this month, but all State institutes have been deferred until next Spring. One will probably be held here in March or April.

A considerable number of accessions have been made to the schools in the past month and the attendance is larger by far than ever before.

The schools at Ballardvale are dismissed today to allow the teachers to attend the annual Convention of the Essex County Teachers' Association. Next week Friday, the teachers of the other schools will attend the Middlesex County Teachers' Association in Boston.

Superintendent Palmer will distribute the prizes to the children for the best flower gardens, the first of next week.

All the sanitaries in the several buildings are now completed and are in use. When occasion requires the buildings in the Centre are being heated by the central heating plant.

The new heating apparatus is complete at the Richardson school at Frye Village and the teachers and pupils are looking forward to a more comfortable winter than they have had for some time.

Missionary Mass Meeting.

The Missionary Mass meetings held in Boston in connection with the Episcopal General Convention, have been so crowded that overflow meetings have been held, and these too have been filled. There has been so great a desire to see and hear the missionaries who are present on vacation, that arrangements have been made to hold a Missionary meeting here in Christ church, next Sunday evening, when two missionaries of the Episcopal church will be present and speak. Rev. James G. Cameron of Skagway, Alaska, will describe this new territory of the United States, with its population of miners, Eskimo and Indians, and will tell of its moral condition and its needs. Dr. E. L. Woodward, a missionary physician of Nanking, China, will speak of the immense success attained by the policy of establishing hospitals as agencies of Christian missions. There will be no collection as this is a meeting for raising not money, but interest. The service is at 7:30.

International Doll Exhibition.

"The Carnival of Holidays" on Dec. 2 will contain several novel and unusually interesting features. One will be the "quotation calendar" and another, the "international doll exhibit," collected and owned by Mrs. Horton of Boston, which has travelled by sea and land, like many other Boston ideas, all over the country, California, Florida, Georgia, Vermont, Omaha exposition, Kansas, Nebraska, Chicago, Cincinnati, New York and many other places—in fact the interest in and demand for it has been well nigh universal, and it has earned for children's charities over fifty thousand dollars. It was exhibited in Lowell four years ago at the city fair in aid of the hospital and was visited by nearly a thousand people and at the close the Lowell ladies presented a doll to the exhibit named Lucy Larcom. Tolly Madison was given by Washington ladies and the Massachusetts doll was named Priscilla Alden by vote of the school children of the Bay State. Her puritan costume has been copied many times. One doll was presented by the Queen of Rumania, and there are dolls from Hawaii, and a collection of Indian dolls, which has been difficult to make on account of their significance to their people. Children, of course, regard the dolls as playthings, but wherever exhibited it never fails to attract the serious attention of children of a larger growth. Parents and teachers as well as children should see this collection which awakens not only interest in dolls but in the study of child life. In fact men and women of all ages who have seen it once want to see it again. It is a unique collection which has become noted all over the country.

PUNCHARD SCHOOL

The principal may be consulted by parents and others at his office in Punchard school during the following hours: 8.15-9, Mondays, Tuesdays, Thursdays and Fridays, and 9.45-10.30, Wednesdays.

Next Friday, October 28, there will be no school session. The Punchard teachers will attend the Middlesex Teachers' convention in Boston.

Commencing next week there will be regular afternoon sessions, for the benefit of pupils who are seriously behind in class work. These sessions will be on Monday, Thursday and Friday of each week, from 2.30 to 4 o'clock. Such pupils will be required to come back these afternoons, notice to be given on Monday for the Thursday, Friday, and Monday following.

The basements and cloak rooms have been opened this week and the work on the building is now entirely completed.

Thursday afternoon of each week, weather permitting, the physical geography class will have an afternoon excursion for outdoor study in connection with the other class work.

Parade at Salem.

Last Friday evening the local campaign club participated in the county parade in Salem and made a strong impression on the thousands of people who thronged the line of march. A most flattering compliment was paid the captain, John Henderson, by the Chief Marshal of the parade, for the showing the local men made. He said that it was the finest looking company in line and would take the prize if one were offered. The local boys left on a special electric shortly after seven arriving in due season for the formation. They had a good position in the line and received a hearty ovation wherever they went. The Ballardvale drum corp accompanied the company and played thrilling music. The special car was taken soon after the refreshments were served and arrived home about two o'clock.

Cricket Club Concert.

The Andover Cricket and Football club of this town held a very enjoyable concert and dance in Abbott Village hall last Friday evening. The arrangements were in charge of Alexander Anderson and a competent committee. The entertainment consisted of songs by local talent assisted by friends from Billerica and all received a hearty reception.

Thomes' orchestra furnished music for the dancing which continued until midnight. The program was as follows:

Song, "Big Fig Tree," Dutch Sketch
James Callum
Songs, "Hannah Won't you Open That Door?"
"Goodbye Eliza Jane."
H. Ellis of Billerica.
Songs, "Killarney," "By the Fountain."
Miss Jennie Singleton.
Song, "Irish American Song."
Robert Robertson.
Song, "Lindy Jane."
Mr. Fielding of Billerica.
Songs, "Murphy's Wake," "Abbott Village Girl."
"Mike" Cashman.

THE MINSTREL SHOW

Performances Will Be Given Next Monday and
Tuesdays Evenings—Sale of Seats
Opened This Morning.

On next Monday and Tuesday evenings, the minstrel show for the benefit of the Andover Playstead will be held, and indications point to one of the finest shows ever held in the town. The tickets have been for sale during this week by participants of the show and the sale has been very gratifying. Anyone who has not already secured reserved seats should do so at once as there are some good seats left.

The performance will be held under the direction of L. J. Rodenbaugh.

Patrons are requested to leave weapons at box office.

Bones—Austin Hitchcock, Frank Barton, James Abbott.

Tambourines—William C. Bliss, Carl W. Cannon, Chas. F. Pearce.

Interlocutor—Mr. Rodenbaugh.

The program is as follows:

Medley overture Ends and chorus
"I ain't got no use for sleep" James Abbott
"You're as welcome as the flowers in May" Mr. Cannon

"By the watermelon vine" Mr. Hitchcock
"Lady Africa" Miss Laura Mills
"Alexander" Mr. Barton

"The song that I hear in my dreams" Mr. T. F. Pratt
"I'm just barely livin', that's all" Mr. Pearce
"Honeycomb march" Ends and chorus

Between the songs the endmen will discuss Congress, the crop reports, and other idiosyncratic material. Jokes explained on application. Enclose postage stamps.

In the olio we have the pickaninnies' frolic by fourteen little coons.

Song, "Sammy" (by request), Miss Mabel Carter, with dancing chorus by Flora Lindsay, Helen Bailey, Lillian Rogers, Florence Richardson, Josephine Abbott, Dorothy Wakefield, Annie Coleman and Lulu Abbott.

To conclude with the Grand Cake Walk, or Pastry Promenade, the ladies will appear in Paris (Maine) built gowns. The participants in the cake walk are:

Miss Olander Dewey and Mr. George White, Miss Alexandria Coughdrop and Mr. Alphonso Aguinado.

Miss Ginger Wayfer and Mr. Ueneada Biscuit, Miss Anabolina Snow and Mr. Josephus Morning Glory.

Master of Ceremonies—Mr. Eli Green. Referees—Messrs. B. Frank Smith, Samuel H. Boutwell, Samuel H. Bailey.

The cakes are "real truly" cakes, presented by Thomas E. Rhodes and F. P. Higgins.

The piano was furnished gratis by S. W. Fellows, Lawrence.

MANY OCTOBER BRIDES

MAY—JACKSON.

A very pretty wedding took place at the home of Mr. and Mrs. Stephen Jackson on Wednesday evening, when their oldest daughter, Miss Jean Gertrude, was united in marriage to David Milne May, son of Mrs. Isabella May of Chestnut street.

The ceremony was performed at 6.30 by Rev. F. A. Wilson in the north parlor, the ring service being used. The bride was given away by her father. She was attended by her sister, Miss Ruby Merle Jackson as bridesmaid and Albert W. May, of Springfield was best man.

The bride and groom stood beneath a laurel arch trimmed with white flowers after entering the parlor to the strains of Lohengrin's wedding march played by Mrs. F. A. Wilson. At the close of the ceremony Mrs. Wilson rendered Mendelssohn's wedding march.

The bride was attired in a beautiful gown of white point d'esprit over white satin and carried white chrysanthemums. The bridesmaid wore a creation of white silk with pink ribbon and her flowers were pink chrysanthemums.

The house was tastefully decorated with a profusion of leaves and flowers, the parlor being converted into a veritable bower of foliage. Between the rooms and on the stairs the decorations were beautiful and added much to the attractions of the wedding.

From 7.30 until 9 a reception was held when Mr. and Mrs. May received the well wishes of a host of relatives and friends. The ushers were Arthur B. Jackson and Harold Jackson, brothers of the bride, Edgar S. Main of East Boston, cousin of the bride and Gordon F. May, brother of the groom. Refreshments were served in the dining room by Caterer Rhodes, the serving table being trimmed with pink and white.

The happy couple left later in the evening for a honeymoon of two weeks to be spent in the White Mountains and on their return will reside at 41 Summer street, where they will be at home after December first.

They were the recipients of numerous ornamental and useful presents, some of the most attractive being a beautiful loving cup and tray from the officers of the Free church Sunday school, of which both Mr. and Mrs. May are members, a candelabrum from the Indian Ridge school and Mother's club, and a clock, set of knives and a tea set from the neighbors on Maple avenue.

STEWART—ARMOUR.

Thomas A. Stewart and Miss Anna Armour, the former a son of Mr. and Mrs. James Stewart of 51 Red Spring road, were united in marriage at 7 o'clock on Wednesday evening at St. Augustine's parochial residence, Rev. James McGowan officiating. The bride and groom were accompanied by Miss Jennie Armour as bridesmaid and Joseph McNally as best man.

After the ceremony a reception was held at the groom's house when many people called to extend well wishes and congratulations. The house was tastefully decorated for the occasion with leaves and vines of red and green.

A bounteous supper was served by Caterer F. P. Higgins in the large barn at the rear of the house, all the guests being invited to the repast. The barn presented a beautiful appearance, bunting of pink and white surrounding the outer walls and streamers of the same hung to the center. This was intermingled with Japanese lanterns and boughs of green, gold and red.

After the supper was over the tables were cleared away and dancing was enjoyed until a late hour. Mr. and Mrs. Stewart left town for a short wedding tour and will beat home after November first at 24 Birch street, West Derry, N. H.

Mr. and Mrs. Stewart received many presents from relatives and friends as tokens of the esteem in which both are held. Mr. Stewart is a well known baseball player, having played with the local clubs for many years. He has until recently worked for M. T. Walsh, the plumber.

FALCONER—DANIELS.

George Falconer and Miss Emma Daniels of Abbott Village, daughter of Mr. and Mrs. Edward Daniels, were married at the residence of Rev. James McGowan on Wednesday morning at 8 o'clock. Miss Rose Daniels, sister of the bride, was bridesmaid, and the best man was William Connelley. Both young people are well known in Abbott Village where the groom is employed.

Birth.

In North Andover, recently, a daughter to Mr. and Mrs. William Harraden.

NEIL—BROWN.

The wedding of Miss Annie G. Brown, daughter of Mr. and Mrs. Alexander Brown and Matthew Neil, took place at the bride's home on Howarth court on Wednesday evening at seven o'clock, the officiating clergyman being Rev. F. R. Shipman of the South church.

The ceremony took place in the parlor beneath an arch of autumn leaves sprinkled here and there with flowers. The participants entered the room to the strains of a wedding march played by Miss Mabel J. Cheney of North Andover, cousin of the groom.

The bride was attended by her sister, Miss Wilhelmina Brown, and the groom by H. F. Campbell of Lawrence. The bride wore a dress of white Swiss muslin trimmed with lace and ribbon and wore a veil. The bridesmaid was gowned in the same material. Both carried white chrysanthemums. The bride's present to the bridesmaid was a gold initial pin and the best man received a pearl scarf pin from the groom.

After the ceremony the happy couple tendered a reception to the guests there being many to extend congratulations and well wishes. Refreshments were served.

Mr. and Mrs. Neil left town for a wedding tour amid a shower of rice and will be at home after November 14, at 97 West street, Lawrence. They received many beautiful and useful presents. Guests were present from Wollaston, Salem, North Andover, Methuen and Lawrence.

WILKINSON—MANDER.

A very pretty and quiet wedding took place at the home of George Mander in Frye Village at 7.45 o'clock on Wednesday evening, when his youngest daughter, Marion Louise, and Franklin Edward Wilkinson of Lawrence, were united in marriage. The ceremony was performed beneath a bower of beautiful autumn leaves entwined with ivy and the ring service was used, the bride being given away by her father.

Mrs. F. A. Wilson played Lohengrin's wedding march as the bridal party entered the parlor. The knot was tied in the presence of numerous relatives and friends of the contracting parties.

The bride was attended by her sister, Miss Mary B. Mander as maid of honor and Miss Lizzie Wilkinson, sister of the groom, as bridesmaid. Mr. Wilkinson was attended by Howard Spiers of Lawrence. Four little nephews of the bride were ribbon bearers. These were Kenneth Scott, Henry Pomeroy, Wilson and George Knipe.

The bride was dressed in a pretty gown of crepe de chene and carried bride's roses. Miss Mary Mander wore a gown of white silk muslin and Miss Lizzie Wilkinson, white Swiss muslin. The two latter carried pinks.

After the ceremony a reception was held when a dainty lunch was served in the dining room which was beautifully decorated with foliage.

The happy couple left town on the 9.42 train for a short wedding tour and will be at home after November first at 79 Haverhill street.

They received numerous presents, both ornamental and useful, including china, silverware, pictures, chairs and bric-a-brac.

Association Football.

The local association football team was defeated by the strong Methuen team on Saturday afternoon by a score of 5 to 3 in a well contested game. The local players were handicapped by the absence of four of their strongest players but put up a plucky fight. Captain Matthews was in the goal for Andover and played his position well although some of the Methuen's goals were easily won. Lynn used their weight to advantage, at times they played very roughly.

All the substitutes played satisfactorily and deserve credit for their work.

The standing for the Association football league is as follows:

Club	Played	Won	Lost	Tied	For	Ag.	Points
Fore River	6	6	0	0	32	6	12

About Reading.

To the Editor of the Townsman:

Dear Sir: On your again looking over my last week's notes on clubs, you will see that I am not against good clubs and your idea of forming an Athletic club and club house for the young men of Andover, has my best wishes. Only there should be a decent hour to close the club house and allow the boys time to sleep.

I am talking to young men and wish to impress on them the evident truth that they will not be always young. The time will come when they will seek "the chimney neuk of ease" and if they have not a taste for reading they will feel lonely. A good book is a good companion and never quarrels or speaks back.

To enjoy reading almost any book a thorough knowledge of an old book called the Bible is important. I do not here say anything about the so called higher or lower criticism as to the Bible being a series of superstitious fables or the wisdom of ages for our guidance. All I contend for is that all our literature is saturated with references to Scripture. No one can enjoy "Burns" who does not know his Bible. The address to the "Dell" as well as "The Cotter's Saturday night," have constant references to Holy Writ.

In almost every one of Shakespeare's plays he refers to the same authority. Milton's "Paradise Lost" is full of it. Walter Scott makes his characters quote from it frequently. Dickens, although he ridicules every clergyman he touches, uses the Bible in his best novels. Byron, the man with the body of an ape, the brow of an angel, and the heart of a demon, in some of his best pieces must come back to the old book time and time again; for example unless you know the story of the destruction of the Assyrian army as told in the Bible, you cannot enjoy the few lines beginning, "The Assyrian came down like a wolf on the fold"

Uncle Tom's Cabin, now not read by young people, is brim full of Scripture.

Ian McLaren's "Bonnie Brier Bush" no one can enjoy unless he is a Bible student.

George Eliot in her best romances has to submit to Scripture quotations, even if she said it was all an idle tale.

Barrie, the greatest living Scotch novel writer and playwright glories in using the old Book.

Herbert in his exquisite verses on the Sabbath, says

"The Sundays of man's life
Thro' the shadows of Time's string
Make bracelets to adorn the wife
Of Heaven's eternal, glorious King."

This quotation to the reader not familiar with the scriptures is simply "words."

I have, I think, said enough about the Bible as literature. Yet I have not begun to unfold the writers from Chaucer to Kipling who frequently quote or refer to the old book, which to read today is not supposed to be extra good form.

In the British House of Commons not long ago a member referred to the Mugwumps or distinguished set as being in the "Cave of Adullam." The reference was not familiar to some gentlemen. They tackled Gladstone about it, asking what Latin or Greek book they could read up for "Cave of Adullam." Gladstone told them to read their Bibles, 1st Samuel, 22 Chap. 1st and 2nd verses.

Again to enjoy a sermon on Sunday one must be familiar with the text book, otherwise the clergyman is only using words.

There are seven days in a week also seven evenings. If our young men went to their club three times and then three evenings for reading or study of any kind, still leaving one night a week to see their best girl, they would have pleasures they never dreamt of.

POLITICS and GOVERNMENT

Executive.

Wynne Succeeds Payne.

By virtue of his station as first assistant postmaster general Robert J. Wynne became acting postmaster general upon the death of the late Mr. Payne. Mr. Wynne's appointment as postmaster general to succeed Mr. Payne was made by President Roosevelt Oct. 10. This appointment is said to be due to Mr. Wynne's nerve in unearthing the scandals in the postal service.

Robert J. Wynne. Prior to his entry into public service Mr. Wynne was a successful newspaper correspondent at Washington. He was born in New York city and educated in the public schools there. He began work at Philadelphia as a telegraph operator.

Three More Warships For Us.

The battleship Georgia was launched at the Bath Iron works, Bath, Me., in the presence of a great crowd, Oct. 12. In a more advanced state of construction than is customary. Both her masts and the conning tower were in position, and steam was up in one of the boilers, causing smoke to issue from one of the three great funnels. Miss Stella Tate of Tate, Ga., daughter of Congressman Tate, was sponsor. The Georgia is a sister to the Virginia and New Jersey. She is 434 feet long, 77 feet beam and 28 feet draft. She has the heaviest armor and will carry four twelve-inch guns.

On the same day the gunboat Paducah was launched from the Seabury yards at Philadelphia. Miss Annie May Yeliser of Kentucky being sponsor.

The battleship Nebraska, which was launched at Seattle, Wash., Oct. 7, with the daughter of Governor Mickey of Nebraska as sponsor, is of the first class twin screw type, having 15,000 tons displacement, length 441 feet 3 inches, 78 feet 2 1/2 inches beam. She will carry the usual complement of twelve inch, eight inch and six inch guns besides the secondary batteries.

Calling Russia to Account.

Secretary Hay has been instructed by the president to ask the Russian government for full information concerning the treatment and disposition made of the mail from this country carried by the steamship Calchas, which was seized and taken to Vladivostok in July last. This action followed the formal notification from the owners, Alfred H. Holt & Co. of Liverpool, that the American mail on the captured ship had been opened and examined by the Russian officers. This firm gave notice also that they must decline to carry American mails to Japan in the future.

Work on the Isthmus.

The Isthmian canal commission called on the president Oct. 12 and left a report showing the condition of the canal construction work to date. From this it appears that over 200 engineers are at work upon the sewerage and water supply with a force of from 1,000 to 1,200 laborers, while surveying parties are at work in the vicinity of Colon planning an inner harbor. Three modern steam shovels have been bought for use in the Culebra cut, and bids for eleven more steam shovels have been opened. About 900,000 feet of yellow pine and a large number of cross ties, piles, etc., have been sent to Colon. A machinery department has been organized, and the old shops of the French companies are being put in repair.

Foreign.

Portuguese Disaster Greater.

Later news from Angola shows that the disaster to the Portuguese forces in the recent fighting with the Cuahamas in southwest Africa was more serious than at first reported. The government of Portugal intends to send a large punitive expedition composed of regulars.

Servia's King Anointed.

Amid the pealing of bells the anointment of King Peter of Servia was performed Oct. 9. The king in full coronation robes proceeded to church, where the Metropolitan Innocent, attended by bishops and clergy, performed the ceremony and celebrated high mass.

Lord Milner's Resignation.

On account of ill health resulting from the strain of dealing with the financial and racial troubles in South Africa, Lord Milner has resigned his high commissionership.

Lippe Hot Against Kaiser.

Public meetings in the principality of Lippe, Germany, have been held to protest against the endeavor of Emperor William to get Count Leopold out of the regency. They regard this as an attack upon their autonomy and sovereignty. The ground of the Kaiser's objection to Count Leopold is that

his nobility is tainted because his great-grandmother did not belong to a noble family. The count's title to the regency was fixed by the action of the government and diet of Lippe-Detmold.

The Franco-Spanish Agreement.

A step toward the imperialistic aims of France in the possession of a west African empire from the Sudan to the Mediterranean and Atlantic was taken with the signing of the Franco-Spanish agreement, Oct. 8, at Paris. By this agreement Morocco is virtually turned over to the French rule, although to satisfy Spanish pride a few settlements along the coast will remain tributary to Spain for the present. France will now superintend the government of Morocco and reorganize its army with French officers.

General.

Charge Against Cortelyou.

The Democratic press of the country has taken up the hue and cry of the New York World, New York Times and Brooklyn Eagle against Chairman Cortelyou of the Republican national committee and against his chief, President Roosevelt. These papers have not only questioned the propriety of Mr. Cortelyou's appointment to a position whose chief function is the raising of campaign funds after he had been in the position of trust inquirer as secretary of commerce and labor, but also they imply that Mr. Cortelyou has used his official position to bribe or compel corporations into contributing to the Republican fund. Independent journals such as Harper's Weekly and the Outlook express indignation at what they regard as an effort to impugn the honor of the president.

Bryan Was Misquoted.

W. J. Bryan, in a letter to Chairman Taggart, denied last week's report that in a public speech he had admitted that Nebraska would go for Roosevelt. Mr. Bryan, after making several speeches in Missouri, began his stump tour in Indiana, where his strength is counted on by the Democrats to do much for the Parker ticket. Authorities differ as to whether he did say in his Norfolk speech that on some issues Parker was too much like Roosevelt.

La Follette Ticket Recognized.

Since the decision of the Wisconsin supreme court in favor of the regularity of the La Follette ticket the Republican national committee has decided to recognize the La Follette faction by asking his state committee to arrange certain public meetings for Candidate Fairbanks. The stalwart state ticket, headed by former Governor Schofield is to be kept in the field. This was decided at a meeting of the stalwart leaders at Milwaukee Oct. 12. A statement from Schofield was expected. Senator Spooner was in favor of withdrawing the ticket.

Tammany Versus Populism.

Leader Murphy of Tammany Hall declares that the four Democratic candidates for congress—namely, Hearst, Towne, Sulzer and Baker—who were endorsed by the local Populist committee must not accept such endorsement. Mr. Murphy's alleged reason for this move is that the Populist movement is a Republican adjunct to draw votes from the Democratic ticket.

Delaware Republican Truce.

As the result of conferences at Wilmington, Oct. 10, both the Delaware Republican factions were brought together on a single state ticket, with Preston Lea of the regulars for governor and Isaac Parker of the unions for lieutenant governor. The peculiarity of this compromise is that Mr. Addicks agrees to support Lea; his uncompromising enemy, Dr. Chandler, who was nominated by the regular Republicans, refused to withdraw and said he would run as an independent candidate.

Irish Support For Roosevelt.

Commenting on the flop of the Boston Pilot, one of the leading Irish Catholic papers, Democratic for more than twenty years, which came out for Roosevelt early in the campaign, the

Literary Digest says there is an apparent shifting of the Irish sentiment of the country from the Democratic party to the Republican. Other Irish papers which are ordinarily neutral are eulogizing Roosevelt and urging his election.

Legal and Criminal.

Tobacco Merger Not Enjoined.

Vice Chancellor Pitney decided at Newark, Oct. 11, that an injunction should not be issued against the proposed \$2,000,000 tobacco merger, but he granted a stay of proceedings until the higher court should act.

Buffalo Alderman Acquitted.

The first of the trials against seven Buffalo aldermen, that against O. F. Piecer, resulted in acquittal Oct. 11. The evidence was not sufficient to prove the charge of bribery.

Kansas Treasury Looted.

Governor Bailey of Kansas in a public report says that shortages amounting to many thousands of dollars in twelve counties examined have been disclosed by an investigation. The school fund was the one chiefly affected.

A Crowded Car Verdict.

In the supreme court at New York a jury awarded \$3,000 to Emilie Kohn, whose husband lost his life as the result of injuries received on a crowded "T" train.

Overwork No Excuse.

Where a railroad accident is the result of the engineer going to sleep at his post Judge Swart, of Norristown, Pa., rules that it is no excuse to urge that he was overworked. He thinks the engineer should leave the employ of a railroad if he is unable to perform his tasks with safety to the public.

Bad Whisky Kills Many.

The police and public of New York city have been startled by the death of sixteen persons in twelve days due to the drinking of impure whisky secured in that section of the city known as Stryker's Farm. The keeper of one saloon has been arrested, and it is found that the whisky sold at his place contains a percentage of wood alcohol. Whisky thus adulterated was found in many other saloons, and on the heels of this comes the statement of Dr. Wiley, the government chemist, that 85 per cent of all the whisky sold in this country is cheap and dangerous adulteration.

SCIENTIFIC

Miss Peck's Latest Climb.

Miss Annie S. Peck, the American mountain climber, has ascended Mount Huacan, in Peru, to a height of 21,000 feet. She was hindered from reaching the summit because of vast crevices and snow. This is her greatest achievement. The summit of the mountain has been estimated at 22,050 feet, but this figure may be changed by the estimate of her engineer, who carried instruments of measurement. Information gathered on this trip may help to determine the disputed question as to the highest peak in the western hemisphere.

N Rays All a Delusion.

Professor Robert W. Wood of the Johns Hopkins physical laboratory has just returned from France, where he tried some experiments in company with Blondlot, the discoverer of the so called N rays. Professor Wood has reached the conclusion that the N ray is a probable delusion. He says that the discoverer himself failed to note any telltale change on the phosphorescent screen when he (Wood) held the screen. Professor Wood also called on the Curies at their radium laboratory and thinks it doubtful if there will ever be enough radium to make it of practical value.

Candidate Watson's Spicy Acceptance

Populism's excuse for living this year is given by Thomas E. Watson in his letter accepting the call to head the Populist ticket. It is that there is no virtual difference between the Republican and Democratic parties. Roosevelt, he says, stands out in the open for Republican principles, while Parker's position "is indefinite and neutral." The gold standard he still regards as unconstitutional and "not irrevocably fixed." He declares that the Democratic party in this campaign has no leader. He announces a definite programme as to the disputes between labor and capital by saying that he would, if elected president, ask combined capital to choose one man, union labor another and himself appoint a third to constitute a board of arbitration for the settlement of all labor troubles. He thinks something must be done in this direction soon, as "a few more Colorado situations would precipitate the rule of the soldier paid by the corporation or by the taxpayers whose state officials are owned by the corporations."

In advocating the initiative and referendum Mr. Watson says it would take from the federal judges "the idea that they are earthly editions of Jehovah" and adds that a corporation is behind the times "which does not own a federal judge or two." While admitting that he does not expect to be elected this year he asserts that no one's vote is thrown away "until it ceases to be the representative of honest convictions." He expects that "in some honorable way the Bryan Democrats must act with us."

Miss Agnes Miller, of Chicago, speaks to young women about dangers of the Menstrual Period.

"To Young Women:—I suffered for six years with dysmenorrhea (painful periods), so much so that I dreaded every month, as I knew it meant three or four days of intense pain. The doctor said this was due to an inflamed condition of the uterine appendages caused by repeated and neglected colds. 'If young girls only realized how dangerous it is to take cold at this critical time, much suffering would be spared them.' Thank God for Lydia E. Pinkham's Vegetable Compound, that was the only medicine which helped me any. Within three weeks after I started to take it, I noticed a marked improvement in my general health, and at the time of my next monthly period the pain had diminished considerably. I kept up the treatment, and was cured a month later. I am like another person since. I am in perfect health, my eyes are brighter, I have added 12 pounds to my weight, my color is good, and I feel light and happy."—Miss AGNES MILLER, 15 Potomac Ave., Chicago, Ill. —\$5000 forfeit if original of above letter proving genuineness cannot be produced.

The monthly sickness reflects the condition of a woman's health. Anything unusual at that time should have prompt and proper attention.

Salem will have a new car barn before many months the Boston and Northern railroad planning to build it on the circus lot on Bridge street. The contracts are not yet awarded.

Stephen Brown, of Main street, West Newbury, celebrated his 90th birthday recently in a most enjoyable manner, receiving the congratulations and good wishes of many neighbors and friends.

The plans for the proposed Marblehead government building will have to be modified, in the opinion of the supervising architect, in order to bring the contemplated structure within the limit prescribed by congress. The fact that the lowest bid upon the construction of the building, \$74,000, exceeded the entire limit of cost of the structure and site combined, convinced the Treasury Department officials that the architect, Arthur W. Rice, has been too ambitious in his work.

Two Byfield men have had a unique experience hunting in Nova Scotia. Securing the services of a guide they had not been in the woods long before they brought down a deer, and were shaking hands with themselves at such luck, when they were placed under arrest. It was a tame deer. The fine was \$200. Both together offered to have so much cash, and the only way out of the dilemma was for one to go to jail while the other came home to Byfield raised the money and hurried back to the land of Evangeline to rescue his comrade.

BETTER THAN PILLS.

The question has been asked—In what way are Chamberlain's Stomach and Liver Tablets superior to the ordinary cathartic and liver pills? Our answer is—They are easier and more pleasant to take and their effect is so gentle and so agreeable that one hardly realizes that it is produced by a medicine. Then they not only move the bowels but improve the appetite and aid the digestion. For sale at 25 cents per bottle by all druggists, Lawrence, W. A. Allen, Andover, C. H. Shattuck, Ballardvale.

CORNER STONE LAID WITH APPROPRIATE CEREMONIES.

With exercises appropriate to the importance of the occasion, the corner stone of the new Ebenezer Primitive Methodist church which is being erected in the Arlin, 103rd district was Saturday put in place. The church is the gift of Edward F. Searles, and is to be one of the best of its kind. The fair weather caused a large number to turn out to witness the exercises, fully 1000 people being present. Those gathered included many prominent residents of this town. Mr. Searles the donor, was present.

The children of the Sunday school of the parish furnished music during the program. They assembled at the present edifice on Centre street about 2.30 o'clock and shortly before 3 o'clock proceeded to the new edifice. They were in charge of their teachers.

Rev. William B. Taylor, the pastor, prepared the program for the event and presided.

The exercises opened with the Doxology at 3 o'clock, followed by the Lord's prayer in unison. Rev. D. Markham of Lowell gave the prologue which was followed by a hymn.

The prayer was offered by Rev. J. Mason of Brooklyn, N. Y. A psalm, read responsively, was conducted by Rev. T. Evans of Billerica.

The scripture lesson was read by Rev. C. H. Kershaw of Methuen, and the children rendered a hymn. Rev. A. Humphries of Fall River, a former pastor of the church, delivered the doctrinal address, after which a hymn was sung by the choir.

H. H. Crompton, clerk of the church, made a statement of the records, following which they were deposited by G. B. Dumas, president of the trustees.

The record book contained:

I. Parchment on which are written the records of the first official meeting of the church, names of the first officers and of the first members of the church, names of former ministers and of present pastor of the church, number of church members, names of present officials of the church, number of scholars in Sunday school and names of present officials, names of the officers of the Ladies' Aid society, also of the officials of the Intermediate and Junior societies, names of local preachers and exhorters, a record of the gift of the property of Mr. Searles, a record of the gift of souvenir trowels by Young People's society.

II. Copy of the program of the church service.

III. Copies of the Lawrence and Methuen papers.

IV. Copy of the Primitive Methodist Discipline.

V. Copy of the Year Book of the Eastern Conference of the Primitive Methodist churches.

VI. Copy of Primitive Methodist Journal.

VII. Card of the donor of the property.

VIII. Copy of the Topic card of the Young People's society.

The formal introduction of Rev. N. W. Matthews, Ph.D., of Lowell, president of the Eastern conference of the Primitive Methodist churches was made by Fred Liles, superintendent of the Sunday school.

At this time David Ackroyd, steward, made a presentation speech in behalf of the parish of the souvenir trowels to Edward F. Searles of Methuen, the donor of the land and church. The trowel was inscribed as follows: "This trowel, by which the corner stone of the Ebenezer Primitive M. Church, Methuen, Mass., was laid, is gratefully presented to Edward F. Searles, Esq., of Methuen, the generous donor of the property, Oct. 15, 1904."

Joseph Raymer, treasurer of the church, also made a brief presentation speech, when he in behalf of the Young People of the church presented to Rev. N. W. Matthews, Ph.D., of Lowell, president of the conference, a handsome silver trowel which bore the following inscription: "Presented to Rev. N. W. Matthews, Ph.D., by the First Primitive Methodist church of Methuen, Mass., Oct. 15, 1904."

Rev. D. Markham then laid the stone.

At one end of the corner stone was a Greek cross carved and on the face was the following inscription: "Anno Domini, 1904."

At the close of the exercises, the clergymen, guests and members of the Sunday school and parish adjourned to the Sunday school room of the present edifice on Centre street, where all partook of supper, served under the auspices of the Young People's society.

William Hamer was chairman of the committee in charge, assisted by Mrs. W. B. Taylor and Miss Amelia.

William Nellie Taylor was chairman of the waiters, assisted by Miss Mary Crompton and Alfred Mannfield.

The waiters included Misses Anna Dobson, Miss Nellie Taylor, Misses Annie Houghton, Lucy Rushton, Sadie Roebuck, Harriet Dennison, Ida Crompton, Nettie Teale, Lottie Beaver and Helen Cleveland.

THE EVENING MEETING.

The evening meeting of the dedication exercises opened at 7 o'clock in the church on Centre street. The following was the program:

CHAMBERLAIN'S COUGH REMEDY

No one who is acquainted with its good qualities can be surprised at the great popularity of Chamberlain's Cough Remedy. It not only cures colds and grip effectually and permanently, but prevents these diseases from resulting in pneumonia. It is also a certain cure for croup. Whooping cough is not dangerous when this remedy is given. It contains no opium or other harmful substance and may be given as confidently to a baby as to an adult. It is also pleasant to take. When all of these facts are taken into consideration it is not surprising that people in foreign lands, as well as at home, esteem this remedy very highly and very few are willing to take any other after having once used it. For sale by all druggists.

DEFEATED STRONG SALEM HIGH TEAM.

The local High school football team journeyed to Salem Saturday and took the High school team of that city into camp to the tune of 10 to 0. The game was a strange mixture of fine playing and rank fumbles, of good hard football and inexcusable mistakes, a perfect example of the contradictions of football.

At times Lawrence played a beautiful game, ploughing through the Salem line for eight and ten yard gains, rushing the ball three quarters of the length of the field only to lose on a rank fumble, what it had taken three minutes of hard work to gain.

Twice in the first half by good hard football they carried the ball within Salem's 20-yard line and then on their first down with plenty of time for call and deliberation, fumbled and the ball went to their opponents.

The two teams taken man for man, show Lawrence in the advantage. The back field ripped the Salem line in pieces and tore round the end for gains of 15 to 25 yards. Lawrence's first score came in the first part of the first half.

A fumbled punt, a few line rushes and Murray was pushed over for a touchdown. The second touchdown came when O'Brien blocked Cousin's punt and Prescott fell on the ball behind Salem's goal line.

If more care had been taken in handling the ball and a few less mistakes of judgment, the score would have easily reached the 20 mark. As it was, the boys won and a victory over a team as fast and as game as Salem is certainly a creditable performance.

Captain Fitzgerald played left half instead of end and made some long gains on end runs, Kelley, the new quarterback, giving his imperfect interference. O'Brien made some good gains on a tackle back formation. Kelley, Hanrahan, Young, O'Brien and McCarthy also played a good heady game. Both teams played clean football with no kicking and rows. The Salem boys treated them in a good, clean, sportsmanlike way.

Score, Lawrence 10, Salem 0.

Letter to J. H. Campion.

Andover, Mass.

Dear Sir: A big mill owner, Spartaburg, S. C., wanted 5,000 gallons of paint, and bought by price; paid 5 cents less than ours; got a "lead-and-zinc" paint; but the lead was sulphate of lead, not carbonate. Sulphate costs about half, and covers about half.

That paint was adulterated about six times as much as the 5 cents paid for. He "saved" 5 cents; and it cost him 30.

Oh, no; it cost him more than that; we forgot the labor. Can't work it out exactly; don't know how long it'll wear.

Short-measure besides; that alone was twice as much as his "saving" 5 cents.

It was thin, too; some loss there; don't know how much.

There was too much dryer in it. The maker made something on that; he didn't.

Taking it altogether, he didn't make much out of that 5 cents.

Go by the name; and the name is Devoe lead-and-zinc.

Yours truly,

F. W. Devoe & Co.,
New York

CAUSE OF LOCKJAW.

Lockjaw, or tetanus, is caused by a bacillus or germ which exists plentifully in street dirt. It is inactive so long as exposed to the air, but when carried beneath the skin as in the wounds caused by percussion caps or by rusty nails, and when the air is excluded the germ is roused to activity and produces the most virulent poison known. These germs may be destroyed and all danger of lockjaw avoided by applying Chamberlain's Pain Balm freely as soon as the injury is received. Pain Balm is an antiseptic and causes cuts, bruises and like injuries to heal without maturation and in one third the time required by the usual treatment. It is for sale by all druggists, Lawrence, W. A. Allen, Andover, C. H. Shattuck, Ballardvale.

COLONIAL THEATRE

AMERICAN VITAGRAPH CO.—FENIMORE COOPER'S GREAT INDIAN STORY, "THE LAST OF THE MOHICANS".

Nearly half a century has elapsed since the great novelist of people wrote this charming frontier story. The wonderful play of fancy humor and pathos has been preserved in the vitaphone reproduction to the fullest extent. The film consists of about twelve different scenes, illustrating the principal parts of the story, dissolving and otherwise changing from one to another to form a consecutive series.

It will be presented at the Colonial theatre, Oct. 23, 24, 25, and 26, with the addition of a number of other exquisitely interesting pictures, among which will be "The Strike," a social drama dealing with the complicated question of capital and labor; one of the most realistic dramas of the age, "The Great Fire and Flames Spectacle," "The Durbar," and other wonders of Luna Park, reproduced by special permission of Messrs. Thompson and Dundy. And last but not least, a special series of pictures taken in our own town by the photographic corps of the American Vitaphone company. See yourselves as others see you.

This engagement will open with a special performance on Sunday night, when the Columbia orchestra will render a special musical program. Reduced prices for Sunday night, 15 and 25c. Popular prices at night, 15, 25, 35, and 50c.

SECRET OF SUBWAY.

"The Secret of the Subway," a thoroughly new, sensational and stirring melodrama of remarkable scenic elaborateness, is one of the foremost popular productions of the present season. All the scenes are actual reproductions of notable New York places, one of the principal ones being the great subway station at the circle at 59th street. The cast includes many well known actresses and actors, all chosen to meet the special requirements of their parts.

At the Colonial theatre, Thursday, Friday, and Saturday, Oct. 27, 28, 29. Matinee every day. Matinee prices, 15 and 25c. Popular prices at night, 15, 25, 35, and 50c.

Laid at Rest.

The funeral of Mrs. John D. McRobbie whose death occurred Saturday evening at 6 o'clock at the Lawrence General Hospital, took place this morning at 9.30 o'clock from St. Michael's church where high requiem mass was celebrated, Fr. Burns officiating. Her death which came somewhat as a shock after a short illness, caused widespread sorrow among her legion of friends.

The deceased was a native of North Andover, having been born in Stevens Village about 31 years ago. She was the daughter of Mr. and Mrs. John Finn. In June 1886, she was married to John D. McRobbie. She was a woman of sterling qualities, a devout Catholic, a loving wife and tender mother. Her character was such that wherever she went, she made friends, friends that remained so through her life and who today are mourning her loss.

The remains reposed in a beautiful heliotrope casket, with silver trimmings and the loved form could scarcely be seen through the mass of exquisite floral offerings that surrounded her bier. Interment took place in the immaculate Conception cemetery, Lawrence. The bearers were George H. Wilton, Thomas H. Broderick, John J. Collins, John X. Healey, Frank Buckley and Dennis Holloran.

She leaves besides a husband, to mourn her loss, three children, two boys and a girl, a father, John Finn, of Togus, Maine; two brothers and a sister, William Finn of Dover, N. H., John T. Finn and Mrs. James DeAdair of this town.

Among the many beautiful floral offerings were: Pinks, from bereaved husband; wreath and sickle, Cochichewick Engine Co.; basket, the Misses Donovan of Lawrence; basket, Robert Winning and family; spray, Alexander McKinnon and family; basket, Thomas H. Broderick and family; basket, John Winning and friends; spray, Margaret E. DeAdair; spray, Mr. and Mrs. Charles Tarrey; spray, George H. Wilton and family.

Mourners were present from Charlestown, Dover, N. H., Malden, Lawrence and North Andover.
